A Message From Superintendent Dr. Nancy Lynch

Dear Parents and Guardians,

Over the past few years, the role of the School Site Council has changed in that the district no longer receives categorical funds from the State for which the council makes recommendations for expenditures and programs. That said, this advisory council continues to be an integral part of the review and recommendation process for programs pertaining to strategic goals and LCAP plans for the school.

To note the shift in the council's purpose, we have changed the name from School Site Council (SSC) to Strategic Planning Collaborative (SPC). Find out how you can become a member below:

RUSD
Strategic Planning Collaborative
2016-17

Each school is seeking members of the RUSD community to serve as parent representatives in our Strategic Planning Collaborative.

What is the Strategic Planning Collaborative?
The purpose of the collaborative is to advise and offer diverse perspectives on our progress toward reaching school wide goals.

What topics will be on the SPC agenda?
While each school is working on several initiatives that may be discussed during our meetings, the overarching purpose of the collaborative is to review and advise progress on specific school wide goals that align with the larger district plan as well as our Local Control & Accountability

Plan (LCAP).

Who is on the collaborative?
The collaborative will be comprised of 10-12 members to include teacher representatives, classified staff, administration and parents from our community.

Who should consider joining?
Any parent who feels he/she can offer a unique perspective based upon his/her child's experience in RUSD. This could include parents of multilingual children, multi-ethnic backgrounds, and varied learning needs. The goal is to broaden our overall perspective and ensure that we are doing our collective best to meet the varying needs of all learners at each school.

If I join the collaborative, what is my role?
As a parent representative, you will act as a liaison between the school and broader RUSD community. Your role will be to bring forth ideas and perspectives that emanate from and represent the broader parent community.

When does the SPC meet?
The collaborative will meet once a trimester. Dates to be determined.

How do I participate?
If you are interested in being a parent representative in your school collaborative, please submit your name and a short paragraph explaining why you would like to serve in this capacity to the school principal. Be sure to share the unique perspective you can bring to the collaborative. Email your request by September 16th. All requests will be reviewed and every effort will be made to establish a collaborative that is inclusive of a broad array of perspectives. Please note that even if you are not selected as a representative, all SPC meetings are public and open to anyone who would like to attend.

Sincerely,
Nancy Lynch, Ed.D.
Superintendent
