Dr. Alan Vann Gardner, Principal

2010-11 School Accountability Report Card  
Published During the 2011-12 School Year

### Principal's Message

Del Mar Middle School serves students in grades 6-8 from Tiburon, Belvedere, and east Corte Madera. Del Mar School provides a common place of gathering for all three communities, reflecting small-town pride, an intense appreciation of, and participation in, our schools and a tradition of generous support of public education. Del Mar received the California Distinguished School Award in 2003 and again in 2009. Del Mar provides a unique educational experience for the early adolescent. We are committed to every child becoming a confident learner and a respectful, responsible citizen by nurturing, teaching, and inspiring each child to thrive in a challenging, dynamic world. We hope to develop in students a great love of learning and confidence in their uniqueness and potential. We involve students in a full range of learning activities to achieve academic excellence, critical thinking skills, and creative, personal and social responsibility to fully prepare them for the needs of the 21st Century.

### District's Mission Statement

Together we provide our children with extraordinary opportunities to enlighten their minds, inspire their hearts, and strengthen their resolve to positively impact their world.

### District's Vision Statement

Students through their efforts and with the support of the whole school community will become:

- Motivated learners committed to academic excellence
- Creative problem-solvers
- Effective communicators
- Engaged citizens
- Balanced individuals/their Best selves

### Parental Involvement

At the heart of the Del Mar community is the commitment that the responsibility for successful education is shared among families, the school, and the individual child. All parties are actively engaged in the product, and this participation is demonstrated in every area of the school. Family-school partnerships and collaborative decision making are evident in District government, school site politics, PTA business, classroom activities, and the personal relationships between teachers and families.

Parents, community members, and local businesses support local schools through a parcel assessment and contributions to the Reed Schools Foundation, which supports Technology, Art, Music, Spanish, PE, and other programs and site enhancements.

Back-To-School Night, Steel Band assemblies, orchestra assemblies, Open House, the annual Talent Show, Book Fair, Read-A-Thon, and the annual Spring Play are events that are bursting with attendance by staff and Del Mar families alike. They are well attended because the school community is happy and healthy. Shared decision-making is alive and well, but could not take place without the mutual respect, trust, and honesty we share.

For more information on how to become involved, contact Mimi Breck, PTA President, at (415) 793-9639.

*"We are committed to every child becoming a confident learner and a respectful, responsible citizen by nurturing, teaching, and inspiring each child to thrive in a challenging, dynamic world."*

### California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The *Fitnessgram*® is the designated PFT for students in California public schools put forth by the State Board of Education. PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the *Fitnessgram*®. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

### Enrollment and Demographics

The total enrollment at the school was 416 students for the 2010-11 school year.\*

\* Enrollment data was gathered from DataQuest and is accurate as of May 2011.

### School Facility Items Inspected

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Sewer, Mechanical Systems (heating, ventilation, and air conditioning)
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/Fences, Playgrounds/School Grounds

### School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition. At the time of this school facility inspection, no deficiencies were found.

### School Facilities

Del Mar Middle School was built in the 1960s. Since 2004, all 18 classrooms, the library, science classrooms, and school offices were modernized.

A cyber lounge was created and a new gym was built in 2007. The office building and the library building were connected, creating space for a new, expanded teacher workroom. A learning center was added, as well as a technology office and additional office space. New athletic fields were added in 2007-08. In the summer of 2008 the Quad outdoor area was renovated.

The school is in excellent condition and is cleaned daily by a staff of two full-time custodians, who work from 2 P.M. to 10:30 P.M. Staff supervises students at arrival and departure times, lunch, and recess.

<b>Expulsion Rate</b>	0.000	0.000	0.000	0.000	0.000	0.000

### School Safety

As a small middle school in the Reed Union K-8 School district, we collaborate with the County Office of Education, local law enforcement agencies, and other outside services to provide a variety of programs that create a safe learning environment. Examples of programs in place include:

- Counseling
- Character development
- Social learning groups
- Student support groups
- Psychologist and psychologist-intern
- Parent education programs coordinated through the PTA
- Specific tobacco and alcohol intervention programs
- Staff development training in supporting at-risk youth
- Handbooks and websites with disciplinary policies

Fire drills are held monthly at Del Mar and regular earthquake and intruder-on-campus drills are practiced as well. The District works closely with the local police and fire department to monitor drills, as well as coordinate communication plans in case of an emergency. The District also periodically practices an all-student emergency release drill. Del Mar is also equipped with a three-day supply of water and food for emergency purpose.

The District uses an electronic alert system so parents can be instantly notified in an emergency through e-mail, cell phone, or land line at work or at home. A Disaster Response Committee, made up of parents and school staff, meets periodically throughout the year to review emergency plans and procedures, as well as to update the School Safety Plan.

The School Safety Plan was last reviewed, updated, and discussed with the school faculty in January 2011.

### Suspensions and Expulsions

This table shows the rate of suspensions and expulsions (the total number of incidents divided by the school’s total enrollment) for the most recent three-year period.

### Quality of Textbooks

The following table outlines the criteria required for choosing the textbooks and instructional materials.

Del Mar MS	
Quality of Textbooks	Yes/No
Are the textbooks adopted from the most recent state-approved or local governing board approved list?	Yes
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes
Does every student, including English Learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes

### Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

### Textbooks and Instructional Materials

All textbooks are adopted by the Board of Trustees using the State-approved list. The District follows the schedule for adoption of K-8 materials adopted by the State Board of Education.

A committee of teachers and administrators review materials from the State-adopted list at the Marin County Office of Education. Materials to be piloted by classroom teachers are selected and used in the classroom for evaluation purpose. The committee makes a formal recommendation to the Board on which materials to adopt.

The Reed Union School Board of Trustees ensures that all students have access to their own textbooks and instructional materials to use in class and to take home. All textbooks used in Reed Union School District are from the most recent State-approved list.

All students in music, art, and drama classes have access to the appropriate textbooks and instructional materials. Del Mar Middle School offers the following visual and performing arts classes: Drama, Instrumental Band, Steel Pans, Art, and Choral Music.

### STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are evaluated and compared to state standards using the following five performance levels: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, science, and history-social science.

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program aims to identify strengths and weaknesses to improve student learning. STAR consists of several key tests that are designed for the student's age and individual needs. These tests include: the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For more information on the STAR program including tests, participation, groups, and scores by grade level, please visit <http://star.cde.ca.gov/>.

## API Testing

Assessment data is reported only for *numerically significant* groups. To be considered numerically significant for the API, the group must have either: (1) at least 50 students with valid STAR Program scores who make up at least 15% of the total valid STAR Program scores, or (2) at least 100 students with valid STAR Program scores.

## API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide API rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools API rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of the schools within California. API is measured on a scale from 200 to 1,000. This score reflects the school, district or a student group's performance level, based on the results of statewide testing. The state has set an API score of 800 as the statewide target.

The annual API reporting cycle consists of the Base and Growth API. The Base API data is released one year after testing occurs (i.e. The 2010 Base is calculated from results of statewide testing in spring 2010, but is not released until May 2011). Growth API, released following the Base API, calculates test results taken from the most recent school year (i.e. The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2010-2011 API reporting cycle, the 2010 Base indicator and 2011 Growth indicator are used.

To learn more about API, please visit the API information guide at [www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf](http://www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf) and the API overview guide at [www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf](http://www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf).

### Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. California public schools and districts are required to meet or exceed criteria in these four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district met each of the AYP criteria and made overall AYP for 2010-11. For more information, visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### Federal Intervention Program

Districts and schools receiving Title I funding that fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate) can enter into Program Improvement (PI). Each additional year that the district or schools do not meet AYP results in advancement to the next level of intervention. This table displays the 2011-12 Program Improvement status for the school and district. For more information, please visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

### Professional Development

Teachers and administrators participated in multiple staff development opportunities to support the District goals. On site technology trainings, as well as work on Professional Learning Communities, was held on early release Thursdays throughout the school year. Training continued on the use of Data Director on developing common assessments and the use of data to inform instruction. Staff had six full days of release to work with colleagues on site.

Reed and Bel Aire teachers had a successful year participating in the Columbia University writing project. Teachers were involved in training in a lab-like setting—reviewing, analyzing, and modeling effective teaching practices to support the writing process. The result is that students are writing more and with increased purpose and voice.

Del Mar middle school had a successful year collaborating with cross-functional teams to support the writing process. The year culminated with the entire staff defining what a graduate of RUSD should know and be able to do, and middle school staff started to define components of an electronic student portfolio.

Teachers who are advanced users of technology participated in Technology Leadership staff development in the fall and spring that incorporates Web 2.0 tools and the new ISTE Standards. Participants used the iTouch and iPads as new tools to enhance teaching. As part of this training, the team also developed a technology focus District wiki and NING to incorporate and foster the PLC model. Smart board and Bright Light trainings were also offered this year. Several staff members from all three schools attended on-line learning and brain research classrooms that featured national presenters on understanding the iGeneration and the way they learn.

For the 2008-09 and 2009-10 school year, we dedicated five days for professional development. In 2010-11, there were six days dedicated for professional development.

## No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2010-11 school year. For more information on teacher qualifications related to NCLB, please visit [www.cde.ca.gov/nclb/sr/tg](http://www.cde.ca.gov/nclb/sr/tg).

### Types of Services Funded

Our comprehensive school programs are supported by: the General Fund (State and Federal), local funding from the PTA, and the Foundation for Reed Schools; 85% of funding in RUSD is from local revenues. These programs include:

- Core subject area instruction
- K-8 art, music, and PE programs
- Foreign language in grades 3-8
- Elementary and middle school drama productions
- 1:1 laptop program in grades 3-8, and technology learning centers in grades K-2
- Learning Centers and Academy

Data for this year's SARC was provided by the California Department of Education (CDE), school and district offices. For additional information on California schools and districts, please visit DataQuest at <http://data1.cde.ca.gov/dataquest>. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English Learners. Additionally, Ed-Data in partnership with the CDE, provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools. More information can be found at [www.ed-data.k12.ca.us/Pages/Home.aspx](http://www.ed-data.k12.ca.us/Pages/Home.aspx).

All data accurate as of December 2011.
