- Persevere and are resilient amidst adversity, stress, disappointment and conflict
- · Make positive choices for personal and physical well being
- · Believe in the power of the individual to make a difference

Principal's Message

Reed Elementary School serves PreK-2 students within the Reed Union School District. Reed Elementary School delivers a comprehensive academic program that is aligned with California State Standards. All instructional decisions are grounded in current research and best practices in early childhood education. Ongoing professional development coupled with effective communication between school and community members are key components of our success. Reed School was named a California Distinguished School in 2002, 2009 and 2014.

Because Reed School serves a PreK-2 student population, teachers and support staff are able to focus on the specific physical, cognitive, social, emotional and moral development of the primary-age learner. Each student receives instruction in language arts, math, science, social science, STEAM, physical education, library science, character education, art and music. The focus for the current school year includes an examination of the best practices in reading and writing instruction, Cognitively Guided Instruction (CGI), social-emotional learning, and equity and inclusion practices. The Reed Union School District is very progressive and encourages staff to be innovative in the selection and implementation of resources and instructional methods, specifically those which foster development in collaboration, communication, critical thinking and creativity.

"Reed School is a friendly, professional and supportive community."

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Mission and Vision Statement

Each student will be challenged and inspired to reach their fullest intellectual, social-emotional and creative potential to positively impact the world.

RUSD Statement of Diversity and Inclusion

The Reed Union School District community is committed to creating and sustaining an inclusive, equitable and respectful environment in which each person has a sense of belonging and is provided the support to thrive.

The Reed Union School District community believes that valuing visible and invisible diversity is essential for an inclusive teaching and learning environment that fosters educational excellence for all.

Enrollment by Student Group

The total enrollment at the school was 335 students for the 2022-23 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

Teachers and administrators participate in multiple staff-development opportunities to support the district's strategic goals. On-site trainings, as well as the work of Professional Learning Communities (PLCs), are held on early release Wednesdays throughout the school year. Training continues in targeted areas including but not limited to developing common assessments, the use of data to inform instruction, pilot curriculum, equity and inclusion practices and using technology to enhance instruction and learning, when appropriate.

Parental Involvement

Reed School is a friendly, professional and supportive community. Parents and Community members are afforded many opportunities to be actively involved in leadership, decision-making and school activities. Collaborative leadership and decision-making are evident in parent participation in our Strategic Planning Committee, Spanish Task Force Committee, Facilities Master Planning Committee, Equity and Inclusion Committee and the Parent Teacher Association (PTA). Participation in school activities includes classroom volunteer support, recess and lunch activities, field trips and schoolwide events.

Parents, community members and local businesses support our school and district through a parcel tax assessment and contributions to The Foundation for Reed Schools, which supports technology, art, music, library science, Spanish, P.E. and other programs and site enhancements. The PTA also supports many schoolbased activities and programs.

For more information on how to become involved at Reed School, please contact PTA site chair Julie O'Hara Stewart at (415) 435-7840.

"Because Reed School serves a PreK-2 student population, teachers and support staff are able to focus on the specific physical, cognitive, social, emotional and moral development of the primary-age learner."

Types of Services Funded

Our comprehensive school programs are supported by the General Fund (state and federal), local funding from a parcel tax, The Foundation for Reed Schools and the Parent Teacher Association (PTA). Approximately 90% of funding in RUSD is from local revenues. Programs supported by these funds include:

- Core subject-area instruction
- PreK-8 art, music and P.E. programs
- Foreign language in grades PreK-8
- Elementary school drama productions
- 1:1 iPad programs in grades PreK-8
- Learning Centers
- Reading and math intervention programs
- Elementary and middle school library programs
- Comprehensive professional development for all employees in equity and inclusion, and content area support of teachers and instructional aides
- Supplementary instructional materials for all students

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard. org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade 10, 11 or 12).

CAASPP Test Results in Science for All Students

The table below shows the percent of students meeting or exceeding the State standard on the CAASPP-California Science Test (CAST) and the California Alternate Assessment for Science (CAA for Science) for grades 5, 8 and once in high school (i.e., grade 10, 11 or 12).

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores

Textbooks and Instructional Materials

The Board of Trustees adopts all textbooks by using the state-approved list and requirements.

A committee of teachers and administrators review materials from the state-adopted list at the Marin County Office of Education. Materials to be piloted by classroom teachers are selected and used in the classroom for evaluation purposes. A formal recommendation is made to the Board on which materials to adopt.

The Reed Union School District Board of Trustees ensures all students have access to their own textbooks and instructional materials to use in class, and at home when appropriate.

All students in music and art classes have access to appropriate instructional materials. Del Mar Middle School offers the following visual and performing arts classes: drama, instrumental band, and art. All content areas in PreK-8 also integrate online electronic resources into the instructional program from a variety of publishers.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a work-station may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

School Facility Good Repair Status

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility's good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

School Facilities

Reed School was built in the early 1950s. Since 2002, much of the campus has been modernized or rebuilt. The school office building, kindergarten and first-grade classrooms and library were replaced with a two-story structure that accommodates eight classrooms, a learning center and a library. Additional kindergarten classrooms were added to make it possible to provide for a full-day program. The first- and second-grade classrooms and the multipurpose room were renovated, and a new playground and athletic field were added. An additional building was constructed for the school office and teacher workroom.

A portable classroom was added in 2011 to address growing student enrollment. During the summer of 2014, a perimeter security fence was installed around the entire campus. No major facility improvements are planned for the current school year.

A dedicated STEAM Lab was designed and launched in 2016. All students participate in hands-on lessons in engineering, coding, robotics and circuitry.

A Builder's Studio was designed and installed in fall of 2019 to support hands-on learning in engineering design, a component of the Next Generation Science Standards.

A schoolwide garden was revitalized in spring of 2019 through the generous support of a local community business, Woodland's Market. The garden is used to support lessons in earth science in grades K-2.

A large permanent shade structure was installed to the upper portion of the campus in fall of 2020. The structure serves as a protected lunch area, outdoor learning area and meeting/assembly location for the school community.

Reed School expanded to welcome PreK students beginning in fall 2022. PreK is a full-day program and is integrated into the broader school community.

The Belvedere-Tiburon Joint Recreation Department (The Ranch at Dairy Knoll) is allocated space on the school site to run after-school programs. A private nonprofit child-care center is located on the west side of the campus.

Staff members supervise students during arrival and departure times, and monitor students in the car line as well as when embarking and disembarking school buses. Students are also supervised by staff during lunch and recess.

The school facilities are in excellent condition and are cleaned daily by a staff of three full-time custodians. For the 2023-24 school year, Reed School has installed two new playgrounds.

School Safety

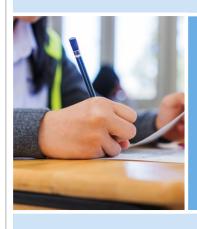

As a PreK-2nd grade school within a small, suburban school district, we collaborate with the Marin County Office of Education, local law-enforcement agencies, and other outside agencies to provide a variety of programs that help to maintain a safe learning environment. Examples of programs in place at Reed School include the following:

- Schoolwide character development and conflict resolution
- Student support groups
- Psychologist, school social worker and school nurse support
- Parent-education programs coordinated through the PTA
- Staff-development training in Equity and Inclusion practices
- Electronic handbook explaining disciplinary policies

In accordance with the California Education Code, Section 32001, Reed School conducts monthly fire drills, quarterly earthquake drills and lockdown drills once each trimester. The district works closely with the local police and fire departments to monitor drills, as well as to coordinate communication plans in case of an emergency. In September 2023, all Reed staff reviewed, updated and practiced emergency evacuation procedures and protocols. Reed School is equipped with a three-day supply of water and food for emergency purposes.

The district uses an electronic alert system so parents can be instantly notified in an emergency through email, cellphone or landlines that connect the school to parents' place of work or home.

The school safety plan was last reviewed, updated and discussed with the school faculty in September 2023. The plan is regularly revisited throughout the year.

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 and the 2021-22 school years. The teacher data for the 2022–23 SARC will not be available prior to February 1, 2024, and therefore is not included. These tables display the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at https://www.ctc.ca.gov/.

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at https://www.cde.ca.gov/ds/sp/cl/calpadsupdflash201.asp.

Data for this year's SARC was provided by the California Department of Education and school and district offices. For additional information on California schools and districts and comparisons of the school to the district, the county and the state, please visit DataQuest at http://dq.cde.ca.gov/dataquest. DataQuest is an online resource that provides reports for accountability, test data, enrollment, graduates, dropouts, course enrollments, staffing and data regarding English learners. Per Education Code Section 35256, each school district shall make hard copies of its annually updated report card available, upon request, on or before February 1.

All data accurate as of January 2024.

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

School Financial Data			
2021-22 Fiscal Year			
Total expenditures per pupil \$15,996			
Expenditures per pupil from restricted sources \$2,223			
Expenditures per pupil from unrestricted sources \$13,773			
Annual average teacher salary \$143,879			

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.
