Principal's Message:

Dear Del Mar Community,

What an exciting week and a half it's been, with most of our students back on campus! Seven long months have passed since we have seen our students in classrooms and on campus. I am so proud of them. Our students continue to demonstrate incredible resilience and flexibility through all of our different iterations of learning this school year. I also appreciate all the hard work our staff and faculty have given to reach this point, and their continued efforts to maintain a safe environment for our students. And thank you parents, for taking on the added responsibility of supporting your child's learning at home, and following instructions to oversee your children's arrival back to campus. I continue to be so proud of our entire Del Mar community.

Quick Safety Reminders

- Fill out the Daily Health Screening, whether or not your child is attending school.
- Students must maintain social distance on and off campus.
- Masks must be worn at all times.
- Should your child need to miss class, in person or virtual, please contact the office attendance line (415-435-1468 Ext 4).

Advisory Program at Del Mar

As part of our efforts to support students in their social-emotional growth, we are incorporating monthly mini lessons on topics such as growth mindset, stress management strategies, peer relationships, and other relevant topics. In addition, in keeping with our district goal of promoting equity and inclusion, we will also include monthly social justice journaling activities, where students will reflect on current events. These activities will be supported in part by Children for Change, a local group based in San Anselmo.

With gratitude,

Principal Brian Lynch
