

JOIN MILLIONS OF KIDS NATIONWIDE ON WEDNESDAY, MAY 7, 2014

LET'S FILL UP THE BIKE RACKS AND NOT THE GAS TANKS ON MAY 7! Bel Aire and Del Mar students are invited to join the Tiburon Bike Train and ride to school in the Reed District on May 7, 2014. The Bike Train will leave as usual from the San Francisco Yacht club at 7:15 a.m. Then everyone is invited to join up at Blackies Pasture parking lot where the train will split and one will head toward Bel Aire while another goes back to Del Mar.

Parents are invited to come along and bike with their children too. Volunteer parents can make National Bike to School Day a fun and memorable event at your child's school by helping on May 7. If you would like to get involved contact PTA president Ali Parsons: aliparsons99@gmail.com

Due to the heavy automobile traffic around Reed School and the young age of K-2 students, Reed parents are invited to organize "walking school buses" to school instead of riding bikes that day.

Thank you for your support in continuing to transform Marin County into a place where traveling to school by foot or bike is the most popular mode of transportation.
