IMPORTANT NOTICE re IMMUNIZATIONS REQUIRED for 7th GRADE ENTRY

Attention Parents/Guardians of current 6th Grade students,

California State law Assembly Bill 354 requires that all incoming 7th graders and new students be immunized against various diseases, including Pertussis (also known as Whooping Cough). Pertussis is a highly contagious bacterial disease that can be spread by coughing. It is widespread throughout the U.S. and the rest of the world. This vaccine can keep your child and family protected against this serious disease.

Each student will need to submit proof of the following immunizations **prior to entering 7th grade** (or entering Del Mar Middle School as a new student in any grade):

- TDaP (Tetanus, Diptheria, Pertussis) booster shot (*given on or after 7th birthday*)
- Two MMR (Measles, Mumps, Rubella) shots (*given on or after 1st birthday*)
- TWO Varicella shots

We recommend you schedule an appointment with your doctor as soon as possible so that you can submit proof to the school office **BEFORE** starting school in the Fall of 2019. Students who have not received these immunizations prior to the beginning of the school year **will not be allowed to start school**.

If your child has already received these immunizations, please bring your child's updated immunization record to the School Office or email it to hjohnson@reedschools.org and amankin@reedschools.org. This will prevent any delay in scheduling your child's classes and assignments for the 2019-20 school year.

For more information about this law and for information about shots required for school, visit shotsforschool.org.

Sincerely,
Nurse Alison
