Please call the office to make your appointment!

### **Morning Carline Volunteers Needed**

Morning carline is in need of volunteers. If you haven't yet had the opportunity or if you can set aside a few additional mornings in the few remaining months, please reach out to [Michele Barnowski](#) and let her know which dates will work for you. Thank you in advance for helping us to ensure that our students arrive safely to school each morning!

### **Afternoon Carline Safety Request**

Parents and Caregivers, please refrain from using cell phones in carline. This poses a serious safety risk to our students and community. Also, please be certain to have your yellow placard visible until your child is placed safely inside of the car. This enables teachers to load cars quickly and efficiently. Thank you!!

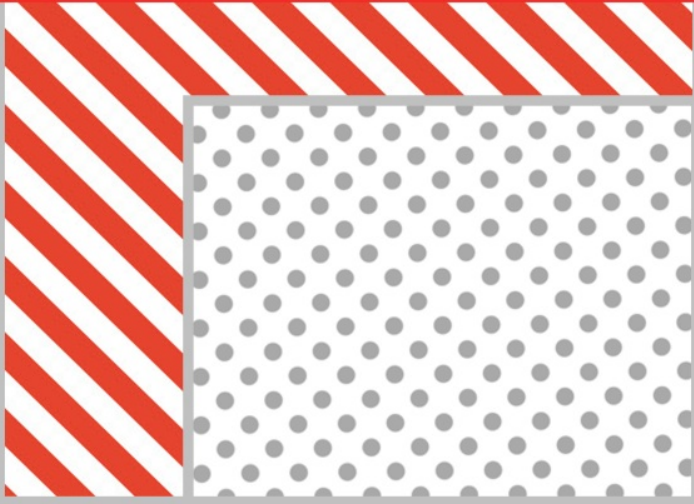

### **Calling Lost Lanyards!**

Our office is missing quite a few of our Visitor's Lanyards. If you have one, please take a moment to return it. Thank you.

### **Want to support our Reed Library?**

Birthday Books are a wonderful way to support our Reed Library! When you go online, to the [PTA website](#), you can donate through ordering a Birthday Book, which helps us add new titles to our collection. This donation allows your child to be the first to take home a new Library book complete with nameplate, the month of their birthday. For further information contact our [Librarian](#) or Birthday Book Chair [Jamie Kintz](#).

### **Upcoming Parent Education Event**

"Attention and Focus Matter for Learning and Well-Being"

Tuesday, February 4th, from 6:30 to 8:30 p.m.

The Gallery at The Cove School, Corte Madera

When deadlines loom, we are grateful for our ability to focus on task completion. Conversely, most of us do not value time spent reflecting or day dreaming. These priorities should be reconsidered since neuroscientists have come to understand that there are in fact two kinds of attention in the brain, both of equal importance for personal and academic success. Please join Kelly Kent of adaptED as she discusses attention and the impact of modern technology on whole child development. Please [register](#) for this free event.
