School District Territory Transfer Webinar Tonight

RUSD Community,

During the June 7th Reed Union School District Board meeting, it was brought to our attention that some residents of East Corte Madera are circulating a Territory Transfer petition. Currently, the Reed Union School District includes students that reside in Tiburon, Belvedere and East Corte Madera. The Territory Transfer petition proposes that the school boundary lines for a portion of East Corte Madera, including 19 streets that are currently in the Reed Union School District, be redrawn and transferred to the Larkspur Corte Madera School District. This petition is the first step of a Territory Transfer process.

Representatives from the Marin County Office of Education will hold a webinar on June 15th from 5:00 - 6:00 PM. The purpose of this webinar is to give factual information about the Territory Transfer process and what it means for families that reside in the area identified under the petition.

As the Superintendent of Reed Union Schools and as a representative of the RUSD Board of Education, it is important for me to share this information with you, especially if it may impact where your child may attend school in the future. RUSD has a long history of proudly serving residents of Belvedere, Tiburon, and Corte Madera and we are so happy to have all of your students here at Reed.

If you are interested in more information about territory transfers, please consider attending the webinar on June 15th from 5:00 - 6:00 PM. If you're unable to attend, the webinar will be recorded and will be available on the county office of education website. Additional information can be found in the [attached flier](#).

Warm regards,

Dr. Kimberly McGrath
