A Message from Superintendent, Dr. Nancy Lynch

Dear Parents and Guardians,

I would like to thank you for taking the survey that was sent out last week to assess the interest by families to continue in a program that looks similar to our current Phase 1 Distance Learning program for the remainder of the year. We have had the opportunity to review the data and it **does not** bear out enough interest to implement this program. Therefore, for those parents who do not plan to have their children return this week, please make sure you have enrolled in the Independent Distance Learning program that will be using the Accelerate Education platform and will require parent support throughout the day, with a check in by an RUSD teacher each day. You can enroll them by completing [this form](#) and the program administrator will contact you with additional details.

We look forward to welcoming students back on campus this week, and we have implemented the safety protocols and procedures that we will begin practicing with students. Thank you for taking the time to review the important information shared with you by each school and for confirming acknowledgment of the Student and Parent COVID-19 Safety Handbook. We know that it will take a lot of coordination by all of the adults, staff and parents, to support our students in their return to school. Every protocol and procedure that has been put in place is for the safety of our students and staff.

I look forward to seeing and welcoming your children as they return to school this week...although from a safe and physically distant manner.

Warm Regards,

Nancy Lynch, Ed.D.
Superintendent
