

CHOICELUNCH to serve Reed Union School District in the 2015-16 school year

We are excited to serve the families of Reed Union School District and we hope you are too. We thank you and appreciate your business. For over 10 years, Choicelunch has been serving up the best school lunches in the Bay Area and the state by offering families wholesome food choices using locally-sourced, all-natural and organic ingredients such as seasonal fruits and veggies, anti-biotic and hormone-free meats, and 100% whole-grain breads baked daily. If it's in our fruit and veggie bin and it's on the Dirty Dozen list, it's either organic or confirmed pesticide-free from the source. We have nothing to hide and our parents have access to the nutritional analysis and allergen information online. Our program and facility is 100% nut free and our menu offers your children 14 entrée choices per day (6 hot and 8 cold) made fresh in our kitchens daily. At school, Choicelunch kids are empowered to make healthy choices from our daily assortment of fresh fruits and vegetables, healthy snacks, and drinks (milk, H2O, and juice). Our menu always provides for children that are vegetarian or require meals that are free of the top 8 allergens including gluten and dairy.

Constantly innovating, we were the first to develop both an iPhone and Android app. Customize your student's menu by setting Favorites or filtering selections based on food allergies.
