

A Message From Superintendent Dr. Nancy Lynch

Dear Parents and Guardians,

I would like to congratulate our fifth grade spellers who competed in the Marin County Elementary Spelling Bee. Our Bel Aire champions were George Giannakis, Chris Lee and Charlie Jeffers. George took second place in the county-wide competition, and now advances on to the California State Spelling Bee!

From the Boardroom:

Our Board of Trustees are responsible stewards of tax payers dollars by ensuring that funds are expended appropriately to further the educational opportunities for our students. To that end, they recently took action to refinance one of our General Obligation Bonds to benefit our local tax payers by reducing the total financial commitment by approximately \$442,000. These savings will be realized by tax payers by nearly eliminating the final year of the bond term. I've [attached](#) a copy of the bonds refinancing results for you to read at your leisure.

Sincerely,
Nancy Lynch, Ed.D.
Superintendent
