

## A Message From Superintendent Dr. Nancy Lynch

Dear RUSD Families,

Every January, we begin the planning process for the next school year. We consider the State budget, district revenues and expenditures, and projected staffing levels to design an exemplary educational experience for our students. The RUSD Board of Trustees held a special budget study session on January 31st to initiate this planning cycle. For your reference, I have attached the link to the Financial Review and Long Term Planning Session presentation document that was the focus of the Board Study Session, as well as the Demographer Study/Annual Projection Report.

Additionally, the District is required to post the newly created School Accountability Report Cards (SARC) by February 1st each year. It is important to note that although the reports are published in the 2016-17 school year, they refer to information from the 2015-16 school year. I have included the link to the school specific report cards.

Thank you for continuing to be important partners in your child's education!

Nancy Lynch, Ed.D.  
Superintendent  
Reed Union School District
