

## A Message From Superintendent Dr. Nancy Lynch

Dear RUSD Families:

As this year comes to a close, I want to express my sincere appreciation to District staff, Board of Trustees and our generous parents and community members for demonstrating unrelenting dedication to our children by ensuring they are provided the tools necessary to learn, dream and create each day. How fortunate we are to live in a community that truly devotes their time, talent and resources to benefit our schools. We are extremely grateful for the tireless work of our Foundation for Reed Schools and parents who have once again successfully achieved the annual fundraising goal to support the exceptional educational programs in our schools. It is truly humbling to receive this kind of support in tandem with the efforts and dedication of our PTA who make a difference in our schools every day.

This has been a remarkable first year as your superintendent. I cherish the opportunities I have had to get to know many of you and look forward to working collaboratively in the years to come. Together we have created a strategic goals plan to guide our work over the next few years in mathematics instruction and learning, as well as improvements to our technology infrastructure and more meaningful integration of technology in learning. In addition, we are creating more STEM opportunities for students at each school, and expanding the special education program at Del Mar next year.

Thank you for your support, and I wish you a summer filled with joy, relaxation and memories to last a lifetime.

Sincerely,

Nancy Lynch Ed.D.
